Summary

Software engineering student with hands-on experience building responsive and scalable web applications. Skilled in developing full-stack solutions using **React, Node.js, Express, and MongoDB**. Passionate about designing intuitive user interfaces and building efficient backend systems that power modern web applications.

Technical Skills

Languages: JavaScript, HTML, CSS

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, Tailwind CSS, Bootstrap

Databases: MongoDB

Tools: Git, Postman

Soft Skills: Communication, Teamwork, Problem Solving, Time Management

Experience

Arch Technology

Feb 2026 – Present

Frontend Developer

- Developed responsive user interfaces using **React** and **Tailwind CSS** to deliver modern web experiences.
- Built reusable UI components improving development efficiency and maintainability.
- Collaborated with designers to implement intuitive and accessible interface designs.
- Improved frontend performance through better component structuring and optimization.

Projects

E-Commerce Web Application | React, Node.js, Express, MongoDB

- Built a full-stack e-commerce platform featuring authentication, product management, and shopping cart functionality.
- Implemented real-time inventory updates and order tracking features.
- Designed RESTful APIs and integrated frontend with backend services.

Event Management System | HTML, CSS, JavaScript

- Developed a responsive platform for organizing events and managing participants.

Restaurant Website | HTML, CSS, JavaScript

- Created a responsive restaurant website showcasing menus, services, and reservations.

Quiz Application | HTML, CSS, JavaScript

- Built an interactive quiz platform supporting dynamic question rendering and score tracking.

Education

University of Agriculture Faisalabad

Bachelor of Science in Software Engineering

Sep 2023 – Jul 2027

Punjab Group of Colleges

ICS

2021 – 2023

Achievements & Certifications

EduSlide-AI (icodeguru & WPBridge) – Designed modern UI/UX and improved usability through CSS styling.

ClassPulseApp (Devpost) – Built responsive layouts to enhance student interaction and accessibility.

Comfort Buddy (Devpost) – Designed calming UI for an AI-based emotional support application.

Career CrossRoad – University of Agriculture Faisalabad

CS50x Puzzle Day – Harvard University

Project Management – Forage

Leadership and Personal Branding – University of Agriculture Faisalabad
